

28<sup>th</sup> International Symposium on  
Epidemiology in Occupational Health

## From the Workplace to the Population: Exposure and Prevention

October 25-28, 2021

### GUIDELINES FOR SUBMISSION OF WORKSHOP AND COURSE PROPOSALS

The Organizing Committee of EPICOH 2021 invites proposals for conference workshops and courses in areas of relevance to occupational epidemiology. These will be held virtually prior or after the main conference. Workshops and courses are open to all, and are typically well attended by students and early-career researchers. They can be offered over half-day or full-day periods.

The proposal should include:

- Whether the proposal is for a workshop or a course
- Title of the workshop/course
- The proposed speakers (names, affiliations, emails, identify one primary contact person).
- An outline of the workshop/course including a statement regarding how it will benefit the conference attendees/community (about 500 words in length)
- The target audience
- Proposed workshop/course format, activities, and schedule
- Any special presentation or software requirements
- Three learning objectives that address what the participants will take away from the workshop or course.

#### IMPORTANT DATES
