</tr>
</thead>
</table>
| **A1.1**: Work-related psychosocial risk factors for stress-related disorders: a systematic review and meta-analysis  
Presenter: Henk Van der Molen | **A2.1**: Associations between feeling cold at work and work performance in a cold-exposed working population from the Tromsø 6 study  
Presenter: Morten Skandfer | **A3.1**: Associations of cumulative, alveolar and plasma indium with respiratory health outcomes at an indium-tin oxide manufacturing facility  
Presenter: Abbas Virji | **A4.1**: Occupational solar ultraviolet radiation and breast cancer risk in Canada  
Presenter: Sareena McDonald | **A5.1**: Health, lifestyle and occupational risks in 10,931 Information Technology workers  
Presenter: Drushca Lalloo |
| **A1.2**: Contributors to stress and burnout in junior doctors during the COVID-19 pandemic  
Presenter: Ani Yue Zhou | **A2.2**: Occupational demands associated with rotator cuff disease surgery: results from a novel linkage of a job-exposure matrix to the UK Biobank  
Presenter: Elizabeth Yanik | **A3.2**: Current respirable concentrations of quartz across occupations in Denmark  
Presenter: Signe Hjuler Boudigaard | **A4.2**: Breast cancer in Danish women occupationally exposed to diesel exhaust and polycyclic aromatic hydrocarbons  
Presenter: Julie Pedersen | **A5.2**: Sensitization and dermatitis among epoxy exposed lamination workers producing wind turbine blades  
Presenter: Alexandra Golabeck Christiansen |
| **A1.3**: All-cause mortality and the time-varying effects of psychosocial work stressors  
Presenter: Yamna Taouk | **A2.3**: Which Quebec industries and occupations are at risk of work-related musculoskeletal disorders? A comparison of analyses of 2010-2012 workers’ compensation and 2014-2015 health survey data  
Presenter: Susan Stock | **A3.3**: Assessment of overexposure to multiple metals in electronic recycling facilities: using air samples and biomarkers to highlight potential toxicity  
Presenter: Sabrina Gravel | **A4.3**: Occupational solar exposure and risk of sub-types of breast cancer in Danish women  
Presenter: Johnni Hansen | **A5.3**: Maternal occupation as a nail technician or hairdresser during pregnancy and birth defects, National Birth Defects Prevention Study, 1997–2011  
Presenter: Miriam R. Siegel |
| **A1.4**: Cognitive impairment and work status among patients with work-related stress: validation of an objective cognitive screener  
Presenter: Johan Hoy Jensen | **A2.4**: Patterns of opioid dispensing and associated wage replacement duration in workers with accepted claims for low back pain: a retrospective cohort study  
Presenter: Michael Di Donato | **A3.4**: Silica Exposure Estimates in Artificial Stone Benchtop Fabrication and Adverse Respiratory Outcomes  
Presenter: Deborah Glass | **A4.4**: Occupational exposures and breast cancer risk in the CECILE study  
Presenter: Lisa Leung | **A5.4**: Aluminum Dust Exposure and Risk of Neurodegenerative Diseases in a Cohort of Male Miners in Ontario, Canada  
Presenter: Xiaoke Zeng |
| **A1.5**: Transformational leadership and firefighters' well-being: A study with emergency team professionals  
Presenter: Mariana Neto | **A2.5**: Pain in healthcare workers: a perspective of multidisciplinary approach  
Presenter: Simone Fargetti | **A3.5**: Occupational asbestos exposure in wastewater collection and treatment workers: a literature review and analysis of French exposure databases  
Presenter: Jean-Francois Sauve | **A4.5**: Does understanding occupational male breast cancer help us understand female breast cancer?  
Presenter: Jeavana Sricharwan | **A5.5**: Asbestos Chrysotile Cohort Study profile, exposure distribution and outcomes  
Presenter: Ann Olsson |

<th>Lung Cancer &amp; Mesothelioma</th>
<th>Policy &amp; Regulation</th>
<th>Work Organization</th>
<th>Disease Surveillance</th>
<th>Biomarkers</th>
</tr>
</thead>
</table>
| **B1.1**: Changing trends for mesothelioma in Canada and their implications  
Presenter: Paul Demers | **B2.1**: Effectiveness evaluation of a regulatory training standard to prevent falls from heights in construction  
Presenter: Lynda Robson | **B3.1**: Work environment characteristics among marginal part-time workers in Denmark  
Presenter: Helena Breth Nielsen | **B4.1**: The value of plain chest radiograph as a diagnostic tool for TB relative to GeneXpert among ex-gold miners in Lesotho  
Presenter: Botembetume Maboso | **B5.1**: Altered levels of immune markers among male rotating night shift workers in Spain – the HORMONIT study  
Presenter: Barbara Harding |
| **B1.2**: Exploration of occupations as risk factors for lung cancer in multiple exposure hierarchical and penalization models  
Presenter: Calvin Ge | **B2.2**: Geographic variation in work disability duration in 5 Canadian workers’ compensation jurisdictions  
Presenter: Kimberly Sharpe | **B3.2**: Validity and reliability properties of the Multifaceted Organizational Health Climate Assessment for measuring organizational health climate in service, clerical, and health care workers  
Presenter: Ryan Walsh | **B4.2**: Enhancing occupational disease surveillance using a job exposure matrix  
Presenter: Ashley Lau | **B5.2**: Literature review of biological monitoring studies to assess healthcare worker’s exposure to antineoplastic drugs  
Presenter: Naqiyah Motiwala |
| **B1.3**: Occupational physical activity and lung cancer risk among four cohorts of the Canadian Partnership for Tomorrow Project  
Presenter: Romain Pasquet | **B2.3**: Policy Issues on Work and Employment in Small Scale Mining Industries in the Philippines  
Presenter: Sophia Francesca Lu | **B3.3**: Changes in weekly working hours and time spent on direct patient care for doctors in Norway from 2016 to 2019: a study based on repeated surveys  
Presenter: Judith Rosta | **B4.3**: Lung and bladder cancer surveillance among construction workers in diesel engine exhaust exposed occupations in Ontario, Canada  
Presenter: Stephanie Ziembicki | **B5.3**: DNA damage in lymphocytes of female farmers measured using the alkaline comet assay  
Presenter: Poppy Evenden |
| **B1.4**: Occupational and non-occupational factors and lung cancer mortality among workers of the Swiss National Cohort  
Presenter: Nicolas Bovio | **B2.4**: Evolution of health inequalities in the Central American working population, 2011 – 2018  
Presenter: Michael Silva-Peñaherrera | **B3.4**: The impact of within-individual changes in working conditions, health behaviour and BMI on work ability and self-rated health: a fixed-effects analysis among Dutch workers  
Presenter: David van de Ven | **B4.4**: How to predict obstructive sleep apnoea in professional drivers?  
Presenter: Elisabeta Pletea | **B5.4**: Urinary pesticide metabolite levels among farm workers in Malaysia: Pilot results from the IMPRESS study  
Presenter: Zulkhairul Naim Bin Sidek Ahmad |
| **B1.5**: The role of occupational exposures in lung cancer risk among women: preliminary results from a pooled case-control study of lung cancer  
Presenter: Mengting Xu | **B2.5**: Setting Priorities in Occupational Health Research in Europe  
Presenter: Manolis Kogevinas | **B3.5**: Examining variations in work disability duration by firm size: a comparative study of workers’ compensation claims in Canada and Australia  
Presenter: Chris McLeod | **B4.5**: Temporal trend and spatial pattern of mortality for malignant pleural mesothelioma in Taiwan during 1975-2019  
Presenter: Jing-Yi Wu | **B5.5**: The Biochemical Effects Of Lead Concentration On Oxidative Stress Parameters In Workers  
Presenter: Mehrzad Ebrahemzadih |

**Return to Work (D1)**
- **D1.1:** Employees receiving inpatient treatment for common mental disorders in Germany: Factors associated with time to first and full return to work  
  Presenter: Alexandra Sikora
- **D1.2:** Association between patterns of return-to-work trajectories and long-term depressive symptoms among breast cancer survivors  
  Presenter: Mélanie Bertin
- **D1.3:** Return to work and job loss following hip replacement: findings from two longitudinal cohorts  
  Presenter: Elena Zaballa
- **D1.4:** Immigrant workers and work disability duration in British Columbia, Canada  
  Presenter: Mieke Koehoorn
- **D1.5:** Associations of employment sector and occupational exposures with full and part-time sickness absence: random and fixed effects analyses on panel data  
  Presenter: Elli Hartikainen

**Aging Workforce (D2)**
- **D2.1:** Association of Perceived Job Security and Chronic Health Conditions with Retirement in Older UK and U.S. Workers  
  Presenter: Miriam Mutambudzi
- **D2.2:** Understanding age differences in retirement expectations using data from the Canadian Longitudinal Study on Aging  
  Presenter: Jonathan Fan
- **D2.3:** The complex association of perceived workplace safety, work environment, and national factors with the mental health of aging workers in Europe during the COVID-19 pandemic  
  Presenter: Lilah Rinsky Halivni
- **D2.4:** Effects of changes in early retirement policies on labor force participation: the differential effects for vulnerable groups  
  Presenter: Karen Oude Hengel
- **D2.5:** The influence of work-related factors on retirement decisions in the UK: The Health and Employment After Fifty Factors Influencing Retirement study (HEAF FIRST), a mixed-methods study  
  Presenter: Martin Stevens

**Injuries (D3)**
- **D3.1:** Occupational Injuries and Hazard Exposures among Small-Scale Miners in the Philippines  
  Presenter: Jinky Leilanie Lu
- **D3.2:** Effect of exposure to psychosocial work factors on the occurrence of workplace injuries  
  Presenter: Stephanie Boini
- **D3.3:** Under-reporting of non-fatal Occupational Injuries among precarious and non-precarious workers in Sweden  
  Presenter: Bertina Kreshpaj
- **D3.4:** Difference in the Deaths of Despair by Occupation, Massachusetts, 2000-2015  
  Presenter: Devan Hawkins
- **D3.5:** Workplace wellness program interest, participation barriers, and associations with sociodemographics, health status, and workplace factors: A survey of workers with work-related permanent impairments  
  Presenter: Jeanne Sears

**Cardiovascular (D4)**
- **D4.1:** Risk of myocardial infarction among pigeon breeders exposed to organic dust  
  Presenter: Sandra Ileby Rokkedrejer
- **D4.2:** Associations among working hours, rotating shift works, and risk of cardiovascular diseases in Taiwan: analyses from the national level to the company level  
  Presenter: Ro-Ting Lin
- **D4.3:** Occupation and incident stroke in a U.S. general population cohort 45 years of age or older (REGARDS study)  
  Presenter: Tran Huynh
- **D4.4:** The occupational distribution of MetS prevalence and incidence differs by sex and is not explained by age and health behavior: Results from 75,000 Dutch workers from 40 occupational groups  
  Presenter: Sander van Zon

**Shiftwork (D5)**
- **D5.1:** Shift work and breast cancer: A cohort study from Finland based on survey and payroll data  
  Presenter: Mikko Härmä
- **D5.2:** Exploring the impact of night shift work and melatonin on methylation in circadian genes  
  Presenter: Jennifer Ritonja
- **D5.3:** Night shift work, sleep disorders and lung cancer risk among women: results from a population-based case-control study in France (the WELCA study)  
  Presenter: Emilie Cordina-Duverger
- **D5.4:** The association between night shift work and breast cancer: results from the Nightingale Study  
  Presenter: Nina Berentzen
- **D5.5:** Beyond night work: why shift work without night work may still be harmful  
  Presenter: Jacqueline Ferguson

CONCURRENT ORAL PRESENTATIONS F
Thursday, October 28, 2021
14:00 – 15:15 EDT

COVID-19 (2) | Pesticides | Exposure-Assessment | Psychosocial & Mental Health (2) | Heat & Climate Change
--- | --- | --- | --- | ---
F1.1: Are healthcare workers using personal protective equipment during the COVID-19 pandemic? Presenter: Christine Cramer
F1.2: Covid-19 infection and mental wellness in a Canadian cohort study of healthcare workers Presenter: Nicola Cherry
F1.3: COVID-19 Infection Among Healthcare Workers At Malaysia Hospitals Presenter: Abdul Aziz Harith
F1.4: SARS-CoV-2 antibodies seroprevalence among firefighters in Orange County, California Presenter: Ian Tang
F1.5: Vaccine Hesitancy among Canadian Paramedics during the COVID-19 Pandemic Presenter: David O'Neill
F1.6: Levels of Anxiety and Depression and the perceived risk of COVID-19 at work Presenter: Priscilla Ming Yi Lee
F2.1: Exposure to chloroacetamide herbicides in agriculture and Lymphoid Malignancies, overall and by subtypes, in the AGRiculture and CANcer (AGRICAN) cohort. Presenter: Amandine Busson
F2.2: Recall ability of pesticide users in Uganda and the UK: results from the IMPRESS study Presenter: Will Mueller
F2.3: Pesticide exposure during application with backpack sprayers in greenspaces: a field study on glyphosate application Presenter: Mathilde Boulanger
F2.4: Permethrin use and circulating immunologic markers: a longitudinal investigation in the Biomarkers of Exposure and Effect in Agriculture study Presenter: Vicky C Chang
F2.5: Translating Observational Research into Regulatory Science: The Role of U.S. EPA’s Office of Pesticide Programs in Evaluating Epidemiologic Evidence Presenter: Aaron Niman
F2.6: Evaluation of exposure to pesticides through the use of effect biomarkers in rural workers and rural residents in Rio de Janeiro State – Brazil Presenter: Juliana Amazonas
F3.1: Assessment of multiple exposures to chemical agents in French workplaces: findings from two exposure databases Presenter: Jean-Francois Sauve
F3.2: Development of task-specific endotoxin concentrations for agricultural activities using meta-regression of published data Presenter: Shuai Xie
F3.3: Determinants of task-based exposures to alpha-diketones in coffee roasting and packaging facilities Presenter: Brie Blackley
F3.4: Assessing Occupational and Environmental Deployment-Related Military Exposure Among U.S. Veterans Presenter: Paul D. Blanc
F3.5: Pesticide exposure in fruit growers: comparison of levels and determinants from the CANEPA field study and from the “Agricultural Operator Exposure Model” (AOEM) predictions Presenter: Morgane Bresson
F3.6: Impact of occupational pesticide exposure assessment methods on risk estimates for prostate cancer, non-Hodgkin’s lymphoma and Parkinson’s disease – results of three meta-analyses Presenter: Johan Ohlander
F4.1: Mental health in childhood and adolescence matters: Linking mental health trajectories with employment outcomes in young adulthood Presenter: Marlene Amalie Magerl
F4.2: Long-term prognosis for health care utilization among patients with work-related mental disorders Presenter: Morten Vejs Willert
F4.3: Workplace violence among women in industrial factories Presenter: Alireza Dehdashti
F4.4: Occupational daytime light exposure and risk of initiating antidepressant treatment among men and women: a national follow-up study Presenter: Anne Vested
F4.5: Mental health in a sample of 72,452 workers from 8 countries of Latin America: results of health and working conditions surveys Presenter: Paula Santia
F5.1: Heat-related acute kidney injury in indoor and outdoor workers in the U.S. Presenter: Aaron Tustin
F5.2: Protection, Resilience, Efficiency and Prevention (PREP), preparing workers and employers for a changing climate Presenter: Jason Glaser
F5.3: Occupational heat exposures, physiological responses and renal health outcomes among Brick workers in South India Presente: PK Latha
F5.4: Hot ambient temperature and its impacts on Adverse Pregnancy Outcome (APO) - A Systematic Review Presenter: Rekha S
F5.5: Occupational heat exposures and renal health implications – A cross-sectional study among commercial kitchen workers in South India Presenter: Vidhya Venugopal
F5.6: Risk factors for elevated core body temperature in farmworkers Presenter: Marc Schenker
